

Christian Brothers

A U T O M O T I V E

Mutual Evaluation Process

Becoming a member of the Christian Brothers family starts with a phone call. We then will take some time to make sure we are the right business for you.

1. Tell us about yourself.

After a brief phone conversation, we will ask you to complete a preliminary franchise application that will help us learn more about you, your family and the preparation you have had up until this point.

2. Let's talk.

We will guide you through the Christian Brothers Automotive opportunity and tell you about our excellent systems for site selection and preparation, business operation training, team member recruitment and training, ongoing support and educational opportunities for helping you reach your family and financial goals.

3. Learn more about us.

Through continued phone and possibly in-person conversations, we will continue to share with you more about your opportunity to be a Christian Brothers Automotive franchisee. We will also send you our Uniform Franchise Disclosure Document (UFDD) that explains the history, financial background and operational philosophy of Christian Brothers Automotive.

4. Talk to our franchisees.

We will invite you to contact our franchise owners. They will be happy to answer your questions about their experiences as Christian Brothers Automotive.

5. Discovery Day

If you have made it to this point in the evaluation process, and if you qualify, we will invite you to our home office in Houston, Texas, for a full day. We'll spend the day continuing to learn about each other. You will meet with our executive team, which will answer any final questions you may have.

6. The decision.

It's time to decide if Christian Brothers Automotive is the right fit for you and your family.

7. Now it's time.

... to get moving on getting your new franchise up and running and to begin Achieving Your Dreams!
